

Background

When you enrol, you are accepting this agreement. If the student is under 18, the parent must accept this agreement and complete the enrolment process on your behalf.

Note that some terms used have a specific meaning. Refer to the final section “defined terms”.

Scope

As an agency, we will;

- Provide tutoring services to you in the requested format (services) using reasonable care and skill.
- Take reasonable measures to ensure our services are effective in promoting success in your academic results.

Student’s responsibility to assist the tutor assisting you

Students should take all measures to ensure they are getting the most value out of our services. The student must;

- Attend all classes in their program.
- Ensure clarity in information provided to tutors including marks.
- Take measures to act on and absorb direction and explanation.
- Take measures to complete all self-directed tasks and homework tasks set by the tutors.
- Only contact tutors through pre-approved communication channels.
- Be courteous and respectful to all students, tutors, and equipment in the centre.
- Take care for their safety, and the safety of others.
- Follow all reasonable directions of all staff.

Guarantee

Our Guarantee labelled, “love it or your money back guarantee” offers a service guarantee. The extent of this guarantee is governed by the terms below:

- The guarantee is applicable to the first lesson of the service. If 2 or more lessons are attended then the guarantee cannot be claimed.
- The guarantee will be void if during the session, the student is in violation of any of the responsibilities listed above, “Student’s responsibility to assist the tutor assisting you”. This is at the discretion of the agency.
- If the terms of the guarantee are met, the client is dissatisfied with the service and wishes to cease tutoring, they may request, at that time of un-enrolling, a full refund of fees paid – limited to the first lesson of the service as outlined above.

Payment of fees

You agree to pay the fees associated with your ordinary enrolment. “Ordinary Enrolment” will herein refer to “lessons at a regular frequency (weekly, unless specified in writing) spanning the entirety of the school term in which the enrolment exists, between the dates outlined by the Department of Education”.

Last Updated: 08/12/2024

These fees may be paid in full at the beginning of your enrolment (the school term, or the balance thereof). You may also pay through direct debit in weekly instalments. In either instance, you are committed to paying the entire ordinary enrolment.

You are entitled to a discount when paying for a full term. Discounts will not be granted for partial term enrolments i.e., you are enrolling late or for lessons at less frequency than weekly.

Fees for either instance are outlined below

| Type | Charge (hourly) | Bulk Payment Charge* |
|----------------------------------|-----------------|----------------------|
| Solo Tuition (general tuition). | \$68 | \$670 (Save \$10) |
| Group Tuition (general tuition). | \$48 | \$470 (Save \$10) |

*Not available in conjunction with any other deals. Savings are for a standard 10-week enrolment. Savings will be granted only for the full 10-week terms. No volume discount is available for shorter terms or mid-term enrolments.

Refund

The ACCC guarantees certain rights for consumers, and we are committed to ensuring that you receive the best service possible. To the point where our services were not delivered as outlined, you may request a refund. This does not include situations where the students do not make improvements, where all reasonable and expected steps are taken to promote improvement by us.

Promotion

From time to time, the agency may offer promotions or deals. These are exclusive to new clients and not available for existing clients (unless stated otherwise).

Basis of tuition

All sessions are booked on an enrolment basis, meaning, students will be enrolled in a termly program of tuition, as arranged at the beginning of your enrolment. This enrolment is ongoing on a school-term basis, the ordinary enrolment.

Consistency

It is expected that students will make reasonable endeavours to attend all scheduled lessons. This ensures continuity in the students learning. Repeated missed lessons reduce the value of tuition. Students are expected to attend their sessions from week 1 of the school term to the final week of the school term.

Trial Lesson

Students may elect to have a trial session before executing their enrolment. Parents/students must request this in advance of the lesson. Students currently or previously enrolled in any program of tuition are not eligible for a trial. Trial lessons are billable at full rate.

Tutors

Our tutors are not necessarily qualified teachers, rather are appropriately trained and are hired by the agency as a fit for the role of a tutor. Tutoring is a much different profession to classroom teaching, and we are proud to offer tutors that are trained as tutors.

Additional Sessions

For general tuition services, you may request additional sessions in solo or group format. These will be offered on an availability basis.

Program amendments/additional lesson for programs

Sometimes, the agency may recommend more frequent sessions or amendments to the current program of tuition. Where these are accepted by the client, your enrolment terms are updated automatically to reflect this.

Substitution of tutors and request for a different tutor

The agency reserves the right at any point to substitute a student's tutor without notice. The agency takes a courteous approach to this. We acknowledge the importance of continuity in learning and always aim to provide this. Clients reserve the right to request a different tutor. The agency aims to be accommodating but can guarantee no substitution can be made during the term.

Cessation of service & Early Exit

Enrolments are for 1 full school term. If you wish to cease your engagement with our service, you must provide written notice. Your service may not be terminated prior to the end of your enrolment, unless agreed between the agency and the client prior to the commencement of the enrolment. This agreement must be made in writing.

When you must terminate services prior to the end of the enrolment, 50% of the enrolment balance is still payable – as in line with the cancellation table below. In special circumstances, the agency and the client may agree to modify (in favour of the client) this fee. This modification must be agreed to in writing.

Agency's right to terminate services.

The agency reserves the right to terminate tuition services with no notice period. The agency will terminate services in cases where the student has violated the code of conduct or is acting in an antisocial way.

Forfeiture of cancelled lessons

Clients may not forfeit cancelled lessons between school terms. When cancellation policy terms are met, they may be forfeited during the school term.

Public Holidays, Start and End of Term

In line with the enrolment terms, the centre remains open on public holidays, and throughout the first and last weeks of the school term. Students are expected to attend sessions that fall on public holidays, or in the first and last weeks of the school term. Cancellation policies apply as normal on these days.

Services

General Tuition

General tuition focuses on supporting students in their classes. This includes but is not limited to.

- Supporting in-class learning with further explanation, revision, and consolidation.
- Support and assistance with tasks set by the student's school such as homework and assessments

Ultimately, the service is about giving students the skills and the understanding to succeed in their classes. Generally, it is of expectation that the student will outline what components of the course they require support in. We may ask the student for a course outline, in which case, the tutor may support the student based on the success criteria outlined in the document.

This type of service renders more meaningful and much more beneficial than 'homework help'. While our tutors are happy to support students with their homework, it should not be the sole focus of general tuition services.

This service is offered in both group and solo settings, where the expectation for students to be self-sufficient between tutor instruction is higher in groups.

Learning Support Programs

Learning support programs (LSPs) focus on upskilling students on core skills, with the guidance of "long-term success" at the core of LSPs. This service includes but is not limited to;

- Utilization of Ascend's resources to conduct diagnostic assessments and complete complementary remedial work with direction and guidance from the tutor
- Utilization of resources to upskill students
- Assignment/conduction of complementary activities.

Cancellations and Missed Lessons

Cancellations

If you need to cancel your tuition lesson, you should provide as much notice as practical. Payment is still required for all cancelled sessions within your enrolment. This obligation for payment varies depending on the timeline behind the cancellation. See the table below for a breakdown of fees.

| Cancellation Type | Notice Period | Charge |
|-------------------|--------------------|------------------------|
| "Soft Cancel" | 24 Hours | 50% of the lesson fee |
| "Hard Cancel" | Less than 24 Hours | 100% of the lesson fee |
| "Missed Lesson" | No notice | 100% of the lesson fee |

You are entitled to a rescheduled lesson when you cancel under the bounds of soft cancel or hard cancel.

Cancelled lessons remain as a 'lesson credit' for the school term. Lesson credit is not transferred between terms.

Where the lesson is missed, a rescheduled lesson will be made available at an additional cost to the client.

Communication of cancellations

All cancellations must be made via email to enquiries@ascendtuitioncentre.com.au. Cancellations made via other channels may not be honoured.
